

## NOTICE OF COMPLETION

### ADDENDUM: CASCADE STREET GENERATING STATION RECONSTRUCTION

Bracebridge Generation Ltd. has completed an Addendum to an environmental assessment for reconstruction and equipment upgrades at the Cascade Street Generating Station located on the Seguin River in Parry Sound, Ontario. The outdated and deteriorating existing powerhouse, penstock and intake will be replaced with new structures. The current inefficient turbines, will be replaced with a single modern turbine. Necessary repairs to the Cascade Street dam will be completed along with construction of a new tailrace. Generating capacity would be increased from the present 1.2 MW to approximately 3.2 MW. Serious long term social, cultural and ecological effects are not anticipated.

The Addendum process is subject to the requirements of the Ministry of the Environment's "Guide to Environmental Assessments for Electricity Projects" (Regulation 116/01) and to the Ministry of Natural Resources' "Water Management Guidelines for Waterpower". This notice in part, fulfills communication requirements of the Seguin River Simplified Water Management Plan.

As of September 26, 2014, copies of the Addendum can be viewed during regular business hours at the following Parry Sound locations:

- Bracebridge Generation Ltd. (formerly Parry Sound Power)  
125 William St. – (705) 746-1400
- Town of Parry Sound (Municipal Office)  
52 Seguin Street – (705) 746-2101

The Addendum report can be viewed on line at

If a person feels that environmental concerns exist that are not satisfied by the EA or Addendum, they are encouraged to contact Bracebridge Generation Ltd. Should concerns remain unresolved, a person may request a Part II Order under the Environmental Assessment Act requiring elevation of a project to an environmental review or an individual assessment. Requests for Part II Orders must be made in writing to the address below, comply with provisions of Regulation 116/01, and must be received by the Ministry of the Environment on or before October 26, 2014.

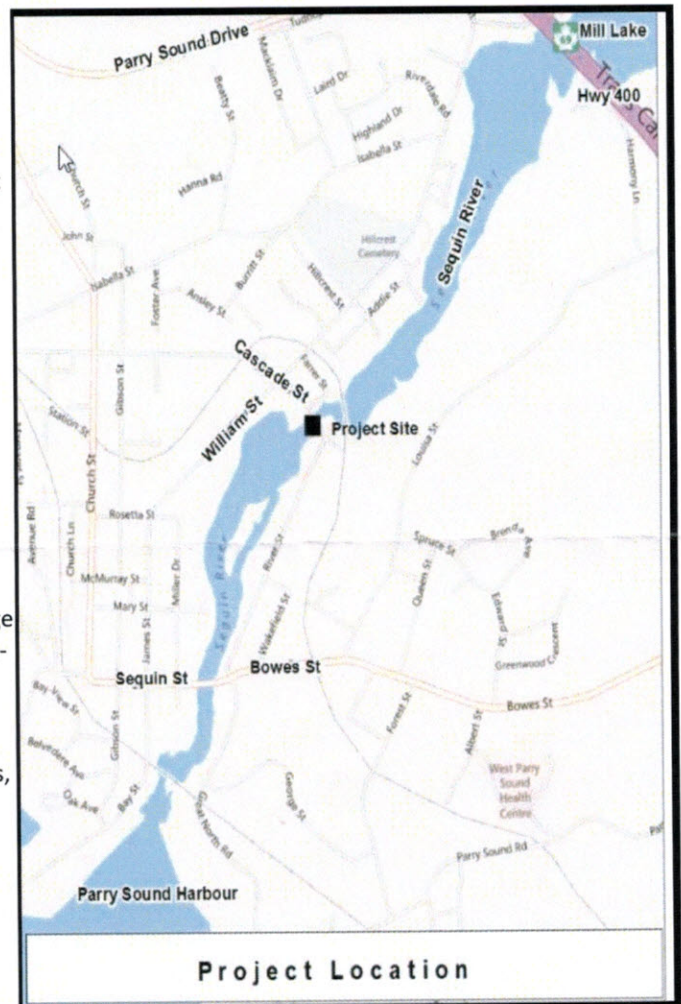

**Ministry of the Environment**  
**Environmental Assessment and Approvals Branch**  
2 St. Clair Ave. West, Floor 12A  
Toronto, ON M4V 1L5  
Attn: Ms. Sarah Paul – Director

A copy of an elevation request must be forwarded to Bracebridge Generation Ltd.

For further information on this projects, or to submit comments please contact: Mr. Bryan Ingram, Operations Manager – Bracebridge Generation Ltd., [bingram@bracebridgegeneration.com](mailto:bingram@bracebridgegeneration.com) – office: 705-646-9014 x510, 196 Taylor Rd., Bracebridge, ON P1L 1J9

Comments and information requests must be received on or before October 26, 2014. Subject to public response and necessary permits, Bracebridge Generation Ltd. Intends to proceed with construction during late 2014.

This Notice Issued: September 26, 2014
