Proponent Type: <input checked="" type="checkbox"/> Corporation <input type="checkbox"/> Municipal Government Other (describe: _____)	<input type="checkbox"/> Individual <input type="checkbox"/> Federal Government	<input type="checkbox"/> Partnership <input type="checkbox"/> Provincial Government	<input type="checkbox"/> Sole Proprietor

Proponent Mailing Address – Complete A, C & D or B, C & D			
A. Civic Address – Street Information (applies to an address that has civic numbering and street information includes street number, name, type and direction) 2245 Keene Road, P.O. Box 4125, Station Main			Unit Identifier (identifies type of unit, such as suite & number)
B. Delivery Designator Rural Route Suburban Service Mobile Route General Delivery			Delivery Identifier (a number identifying a Rural Route, Suburban Service or Mobile Route delivery mode)
C. Municipality/Unorganized Township City of Peterborough	County/District	Province/State Ontario	Country Canada
		Postal Code K9J 6Z5	
D. Telephone Number (including area code & extension) 705-748-9301 Ext. 1248	Fax Number (including area code) 705-743-5988	Email Address jwynsma@pui.ca	

Site Address (Complete A or B and the remainder of the section)					
A. Site Address – Street Information (applies to an address that has civic numbering and street information – includes street number, name, type and direction) 51 London Street, Peterborough, Ontario					Unit Identifier (identifies type of unit, such as suite and number)
Waterway Name: Otonabee River					
B. Survey Address (used for a rural location specified for a subdivided township, an unsubdivided township or unsurveyed territory) NOTE: Do not complete "B" if you completed "A"					
Lot and Conc.: used to indicate location within a subdivided township and consists of a lot number and a concession number			Lot	Conc	Part and Reference: used to indicate location within an unsubdivided township or unsurveyed territory, and consists of a part and a reference plan number indicating the location within that plan. Attach a copy of the plan.
			Part	Ref Plan	
Non Address Information (includes any additional information to clarify clients' physical location)					
Geo Reference Map Datum NAD1983	Zone UTM Zone 17	Accuracy Estimate 1 meter	Geo Referencing Method GIS	UTM Easting 714182	UTM Northing 4909947
Municipality/Unorganized Township City of Peterborough			County/District		Postal Code K9J 6Z5

Project Information

Project Name London Street Generating Station Expansion Project	
Nameplate Capacity of Facility (in megawatts): 6 MW (10 MW when combined with existing facility)	
Category of Class EA Completed (check one)	<input checked="" type="checkbox"/> Projects Associated with Existing Infrastructure <input type="checkbox"/> New Projects on Managed Waterway <input type="checkbox"/> New Projects on Unmanaged Waterway
Brief Project Description: The project includes a 6 MW expansion to the existing London Street Generating Station (LSGS). The project includes a new powerhouse, power canal, intake, tailrace and relocation of an existing switchyard interconnection. The project is being constructed to the immediate west of the existing LSGS and will be operated as a run-of-the-river facility in accordance with an existing Water Management Plan.	
Summary of Conclusions of Environmental Report: Mitigation measures were developed during the Class EA to avoid and/or minimize potential adverse effects that may result from the construction and/or operation of the project. The Class EA concluded that there are several benefits associated with the project and that the project is unlikely to have significant negative environmental or socio-economic effects following implementation of the recommended mitigation measures.	
Summary of Aboriginal Engagement and Outcome: Approximately thirty First Nations/Métis communities were contacted for the project beginning during the pre-consultation phase of the Class EA. In-person meetings were held with communities that indicated they had an interest including the Alderville First Nation, Curve Lake First Nation, Mississaugas of Scugog Island First Nation and the Hiawatha First Nation. No significant concerns were raised. The proponent agreed to allow a First Nation Monitor to be present during the Stage 2 archeological assessment that will be completed during the construction period.	
Summary of Public and Agency Consultation and Outcome: Project notices/letters were circulated to the public and agencies during project milestones (i.e., Notice of Commencement, two Public Information Centres (PIC), Notice of Completion). Advertisements were also published in local newspapers. Two PICs were held in the community. Four in-person agency meetings were held for the project. Comments were incorporated into the Environmental Report. Minor clarification comments were received during the 30-day review and were addressed via project response letters.	

Availability of Documentation (proponents are required to retain, either on site or in another location where they will be readily available, any Environmental Report, Addendum, and related notices and Statements of Completion prepared under the Class EA Process, as well as documentation of any commitments made by the proponent to address concerns after one of the above-noted reports was prepared)

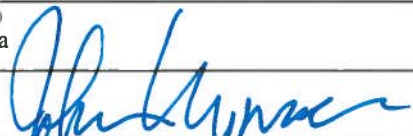

Complete A or B and the remainder of section.

A. Site Address – Street Information (applies to an address that has civic numbering and street information – includes street number, name, type, and direction) 2245 Keene Road		Same as Site Address		Unit Identifier (identifies type of unit, such as suite & number)	
B. Survey Address (used for rural location specified for a subdivided township, and unsubdivided township or unsurveyed territory) NOTE: Do not complete "B" if you completed "A"					
Lot and Conc.: used to indicate location within a subdivided township and consists of a lot number and a concession number	Lot	Conc	Part and Reference: used to indicate location within an unsubdivided township or unsurveyed territory, and consists of a part and a reference plan number indicating the location within that plan. Attach a copy of the plan.	Part	Ref Plan
Non Address Information (included any additional information to clarify physical location)					
Municipality/Unorganized Township City of Peterborough		County/District		Postal Code K9J 6Z5	
Contact Name for information about project documentation John Wynsma, P.Eng., Vice President, Generation & Retail Services			Telephone Number for information about project documentation (including area code & extension) 705-748-9301 Ext. 1248		

Part II Order Requests

Were there any Part II Order Requests Received?	Yes	No <input checked="" type="checkbox"/>	If Yes, how many and how were they resolved?
None			

Statement of Proponent

I, the undersigned hereby declare that, to the best of my knowledge, the information contained in this statement is complete and accurate in every way, and I have complied with the Class EA for Waterpower Projects established under the <i>Environmental Assessment Act</i> of Ontario in the environmental review of the above-noted project.	
Name (please print) John Wynsma	Title Vice President, Generation & Retail Services
